\$65,000,000 FOR NEW BREWERIES CONSTRUCTION

EQUIPMENT AND OTHER ITEMS WILL TOTAL \$400,000,000

New York, March 24 (AP)—L. Sch. Schinman, chief statistician of the F. W. Dodge Corp., estimated that more than \$65,000,000 will be spent in the next few months for the construction of new breweries and for the purchase of equipment and other items. The estimate is based on reports from 27 States. The figure did not include expenditures for building and rehabilitating retail establishments. It covered only a small proportion of the sums to be spent for brewery equipment, and none of the other expenses incidental in starting the brewing industry. The total was estimated by the United States Brewers' Association at \$400,000,000.

\$1,000,000 N. E. PROJECTS
Schinman said 179 reports of brewery construction had been received since December 1, covering 37 Eastern States. The total for these States was \$2,000,000 and he believed another \$7,000,000 at least would be required for the Western States.

Ten projects to cost about \$5,000,000 have been reported from New England. Among these is a \$1,000,000 project at Lowell, Mass.; a \$500,000 project at Providence, R. I.; two for \$300,000 and \$200,000 project at New Bedford, Mass.; one for \$200,000 at Warwick, R. I.; and one for \$100,000 at Springfield.

In the Pittsburgh area \$5,000,000 will be spent on 26 projects. This district includes the western half of Pennsylvania, West Virginia, Ohio and Kentucky.

The Middle Atlantic area, including the eastern half of Pennsylvania, southern New Jersey, Washington, D. C., Maryland and Virginia, had 10 projects and was to spend \$5,000,000.

Among the 29 reported projects from the metropolitan area of New York, including northern New Jersey, which will spend an estimated total of \$10,000,000, is a \$500,000 operation by Jacob Ruppert, and a \$2,500,000 plant by the New Amsterdam Brewing Company. Two other projects of over \$1,000,000 and several smaller ones were reported.

Teachers College Will Remain Open
Economy will not close the Teachers College this year as was feared, it was learned following a meeting of the School Committee last night at 11 Beacon st. A month ago several members of the committee feared it might be necessary to close the college.

After a conference on the budget, the committee gave out a statement saying examinations for the Teachers College will be held in June and a class admitted in September.

Horse Drawn Beer Wagons Out

Pandemic Percherons and composites, Clydesdales, will not be pressed into service in Boston to draw the old-time beer drags when the founding beverage houses, Healy, Michael S. Hines, husband and wife, and the Boston and Distributors Union have revealed.

BOSTON JEWS PLAN PROTEST

Boston's preparations for protest meetings against the alleged terrorism and persecution of Jews by the Ministeries were taking shape today. A conference of delegates from the 400 Jewish organizations of the city will be held in the Temple Mishkan Tefila, schoolhouse, Elm Hill ave., Roxbury, Sunday afternoon in complete plans for a Jewish Hall meeting April 3.

The Jewish Hall meeting will be one of a series of meetings throughout the country. Samuel Kalesky, chairman of the Boston American Jewish conference, announced that Governor Ely has accepted an invitation to speak.

Meanwhile, Baron Kurt von Tzipperich, German consul in Boston, continues to be refused to see delegations. A squad of police drove eight visitors, claiming to represent the International Labor Defense and other organizations, from the consulate yesterday.

100,000 Jews in New York Protest

New York, March 24 (AP)—The Torah, sacred scroll of the Jews, was carried in its silver case and the dean of the city's cantors sang "Eli Giditai" in protest against the persecution in Germany and call for a boycott of German goods.

Meanwhile, in Berlin, the German Government issued a statement which warned that any boycott would affect the United States more adversely than Germany and asked how a boycott "agitated by certain American circles" were carried out, "in the question of private debts in the regulated property."

As the sacred protest procession entered the New York City Hall Park, Mayor John P. O'Brien, who previously had said he would not see the marchers, changed his mind and reviewed them.

Members of the club had prepared presents and a mammoth birthday cake for the veteran. Present were about 40 members of the club as well as Commander Dennis M. Dalley, also Civil War veteran, who in his 80th year, President Thomas McDonald presented.

Mr. Goggin is senior vice commander of the William C. Kinsley Post, G. A. R. of Somerville. He served through the Civil War with the 1st R. Light Artillery and was wounded.

MARCHING THOUSANDS IN PROTEST

Jewish war veterans of New York, thousands strong, are shown as they paraded in New York yesterday in protest in the persecution of Jews in Germany. The parade carried veterans in City Hall where they sought the support of Mayor O'Brien in their plan of action. The veterans also sent a delegation to the British consul to urge action by the British Government. Jewish stores along the lines of march were closed during the parade.

BANK ON LIQUOR FOR MEDICINE TO BE LIFTED

Congress in Move to Allow Full Right to Physicians

Washington, March 24 (IN)—A sympathetic Congress today moved toward legislation freeing physicians from the rigid limitations of the Volstead Act in the prescription of medicinal liquor and authorizing sale of 3.2 per cent beer in the District of Columbia.

These two measures comprised the immediate "wet calendar" of the two bodies, since the submission of the Eighteenth Amendment and the passage of the beer bill.

With the Celler bill, which would substitute governmental regulation for law in the prescription of medicinal liquor, was certain in the House. The measure was passed in the "Lam Duck" session, but failed in the Senate.

Copeland, a physician, expressed hope that the Senate will permit the restrictions which the American Medical Association has made is an affront to professional responsibility.

Under the Volstead law, a physician is limited in prescribing one pint of whiskey and one quart of wine each 10 days. The Celler bill will eliminate this and give the Justice and Treasury Departments authority in issue regulations. The bill has been endorsed by both departments and Prohibition Director Woodcock.

The House measure legalizing sale of 3.2 per cent beer is the national capital was to be considered during the day by the District of Columbia committee of the Senate. It is designed as a "model bill" for all States. The House voted for it, 180 to 55.

The bill legalizes sale in hotels, restaurants and recognized clubs, with hotels having the privilege of sending beer to rooms. Stores licensed to handle bottled beer may also deliver to the home.

SHOE STRIERS SCORE OWNERS

Haverhill, March 24.—The responsibility for the continuance of the Haverhill shoe strike, which has tied up the industry here for nearly three weeks, was placed squarely upon the federal government today by the shoe workers' Protective Union, in which the 7500 striking workers belong, voted yesterday in secret terms first officially by the manufacturers. The manufacturers refused to go through with the agreement.

The workers had demanded recognition of the union and were willing to return to work provided wages were raised to the highest rates paid in Haverhill previous to the strike.

Meetings Throughout Nation to Protest Persecution

New York, March 24 (IN)—Steadily gaining in size and momentum, the avalanche of American protests against the anti-Semitic campaign of the Nazi Government of Germany swept on today toward a climax expected next Monday night.

Mass meetings are scheduled for that evening in New York and some 50 other cities throughout the United States. Protestant and Catholics will join in common cause in protesting the alleged outrages by the German "Brown Shirts" against Jews in Germany.

Nationally known leaders in the fields of religion, education and politics have signified their intention of addressing these meetings.

The "key" gathering will be in Madison Square Garden where former Governor Alfred E. Smith, Bishop William T. Manning, Rabbi Stephen S. Wise, Bishop Francis J. McConnell, Senator Robert F. Wagner, William Green, president of the American Federation of Labor, and others are on the speakers' program.

Senator William E. Borah and his wife will attend if their health will permit. They have already indicated.

Fully 100,000 persons, representing practically all creeds and faiths, have already expressed their desire to attend the meetings. The Garden will accommodate only about 20,000, and a number of overflow meetings are expected to be held.

Among other important rallies in the city will be a meeting in the Metropolitan Opera House, and a meeting in Boston, which will be addressed by Gov. Gifford of Massachusetts.

Col. Samuel Marden Church, president of Carnegie Institute, will address a similar meeting in Pittsburgh.

CURB STOCK SALES PLANNED

Washington, March 24 (IN)—President Roosevelt soon will urge Congress to pass a drastic legislative program governing the sale of stocks and bonds. It was learned today in an authoritative quarter.

No stocks or bonds may be offered for sale without a permit from the federal government under the tentative draft of the bill.

Before such permits are issued, corporations must file a complete public statement of their assets. The code of prohibitive involved in any particular securities issue which is purposed to be done with the money, and the amounts of commissions on other financial arrangements made for the disposal of the stocks and bonds.

The proposal, which probably will be accompanied by a message from the President on the whole stock market situation, is expected to go to the Capitol next week.

It is expected the legislation will contain regulations on how securities may be sold by brokers, which will provide control over the New York Stock Exchange.

LOOKS OF CLOSED FEDERAL NATIONAL BANK UNDER U. S. PROBE

EXAMINER HERE TO UNRAVEL INQUIRY

Discrepancies in Records Bared by Secret Service Agents

Investigation of huge loans, heavy withdrawals and other possible criminal activities in connection with the Federal National Bank today was assigned U. S. Attorney Frederick H. Tarr in the absence of James A. Wharton, special assistant to Atty-Gen. Homer B. Cummings.

The work of investigators has become a combined race against time and political pressure, it was learned today in connection with affairs of that bank.

OUTLINE PROBE
The time element involves the statute of limitations, set at three years for prosecution of dishonest bankers instead of six years as in other cases.

Wharton's trip to New York, where he was called to handle the prosecution of Charles E. Mitchell, former president of the National City Bank of New York, was believed to have called a halt to the probe here until it was learned that he left a "program" with Tarr, who was followed out upon his return.

Atty. Tarr, who yesterday cited the visit of Wharton as a "routine matter," later announced that the Wharton visit was in connection with suspected criminal activities in the affairs of the closed bank, but declined to discuss details.

MILLIONS TIED UP
Some estimate of the scope, however, was seen in the \$200,000 civil suit threatened against affiliated banks of the Federal National, and the revelation that many added irregularities in the one time \$300,000 institution have been under official scrutiny.

Because a checkup cannot be made as quickly as anticipated was said to be the reason that the federal grand jury was not kept in session for possible indictments. The manner in which they were caused—until further notice—may mean recall of the jurors at any time, however.

Officials continued a cloak-muffled policy about affairs of the bank today, but not enough to hide the presence of an examination by the comptroller of the currency at Washington, which has been much of the detail in Wharton's absence.

DISCREPANCIES BARED
As long as two months ago, almost all discrepancies were found in records of the bank, it was learned today. They were uncovered by a department of Justice which reported to Tarr's office, but that no action was taken at that time.

These are believed to be the items upon which former Asst. U. S. Atty. John J. Walsh, before he was called into a conference with Tarr and Wharton, Walsh was at that time an assistant of Tarr.

Other items under checkup include discrepancies made by Herbert Pearson, federal grand juror, whose work is that of liquidation and does not include criminal prosecution.

The question of financial responsibility on these items, however, that Pearson reported to the comptroller of currency at Washington and the latter's report to Atty-Gen. Cummings sent Wharton here for the checkup.

MITCHELL SILENT
That fact that Wharton was sent was significant to those who forecast criminal action, he being regarded as an indictment expert and a leading figure in the indictment of Mitchell at New York.

Receiver Mitchell declined to discuss the new investigation, but pointed out that he worked under treasury department rules, which are apart from those of the attorney general.

SINGER TERMED WIFE DESERTER

New York, March 24 (AP)—An attack upon husbands who leave their wives was delivered by Official Referee John M. Tierney during consideration of an application by Mrs. Anne S. Hull, a school teacher of Olean, N. Y., for a divorce from J. Warren Hull, singer, of Watertown, Mass.

Hull was in court to oppose the application for alimony, but not to oppose her divorce action, when the referee made his remarks.

"When a man takes a woman for his wife he should support her for the rest of her life," the referee said, "but if he changes during my 75 years, and now a husband puts his wife out of the house, selling her, or getting along however she may; jail is the place for each man."

Mrs. Hull said she and the singer were married in 1924 and have a daughter, Ann, five years old. She charged he deserted her in January, 1928, and she has two children by a second wife.

Hull testified he obtained a Mexican divorce from his first wife, but decided he moved to Massachusetts to avoid paying her a \$300 judgment.

side of the case whether or not the opinion is delivered to him. The corporation counsel, however, has already informed Mayor Curley he believed the city was illegally paying the total cost of the divorce.

Recent indications are that the witnesses will remain at the hotel until the April grand jury hears evidence in the Solomon killing. It is then believed the corporation will take steps to have the city pay the bill.

DIVORCE SOUGHT BY MRS. CLARK

Los Angeles, March 24 (AP)—David H. Clark, central figure in the strange drama which brought sudden death to Charlie Crawford and Herbert Spencer, and his gold-haired young wife, Nancy Malone Clark, have reached the parting of the ways.

Amid choking sobs and tears which she sought vainly to control, Mrs. Clark announced her decision to seek an immediate divorce, at the luxurious Clark home in Brentwood Heights.

"She accompanied her dramatic announcement with a statement that she loved 'Dave' better than anyone in the world."

"But," she added, "there seems no other way out. I have tried to help him and will continue to help as long as I can. But we can't, we simply can't get along."

Chief Plays Aldermen in Last Malden Police Report

Whether the Malden aldermen like it or not, the annual report of the Malden police department, prepared by Police Commissioner Armando B. Sweeney, who retired as head of that department on March 1 last, is printed and distributed and a paragraph to which the city government members now take exception is contained in the report.

Former Commissioner Sweeney says the ordinances require that a report of the department be submitted annually and that he complied with the ordinances. He says that he was not asked to consult anyone in preparing his report and a paragraph to which the city government members now take exception is contained in the report.

Having retired from public office, Commissioner Sweeney does not intend to rewrite the report. The aldermen have declined to accept the report and have tabled the matter. The offending paragraph concerns the granting of Sunday licenses and Commissioner Sweeney should be changed to comply with the state law "as at the present time nearly all the fruit stores hold permits illegally. A license gives the holder the privilege of violating the law with the consent of the

DIETZ CHARGES BRIDE CRUELY TORTURED

Denies Suit Against Doug Fairbanks, Jr., on Extortion Plot

Hollywood, March 24 (AP)—Denying extortion had been attempted, Jorgen Dietz returned from an Arizona honeymoon with the bride he married the day he brought a \$50,000 allegation of affections suit against Douglas Fairbanks, Jr., in relation to the first Mrs. Dietz.

Standing beside his new wife, the former Lucy Dornane, European stage and motion picture actress, Dietz said he was impelled to take the action against the motion picture star because of expenses incurred at the time of his divorce from Mrs. Lulu Dietz.

Fairbanks' reply to the suit, made last week, was that he was not involved in the extortion attempt. In a written statement today Dietz charged Mrs. Dornane was subjected to the "most barbarous and cruel torture" in the investigation of Fairbanks' complaint.

considerable time to take care of the expenditures and losses resulting from wreckage of my marriage and home," Dietz said, "I consulted with Mr. Fairbanks, Jr., in a friendly way."

"He admitted with tears in his eyes his relations with my wife and stated his willingness to pay my expenses. There was not a word of threat of any kind on my part."

The statement continued that a contract of settlement was prepared by M. C. Lewis, Fairbanks' business manager, and signed by Fairbanks and Dietz. A check for \$1500 was drawn.

FIRST REVOLT ON ROOSEVELT PROGRAM

Senate's Agricultural Committee Begins to Revise Farm Bill

Washington, March 24 (INST)—The first revolt in the new Congress against President Roosevelt's leadership appeared today when the Senate agriculture committee began revising his farm relief bill. The committee seemed determined to strike out all allotment provisions, slash the proposed tax on processors and insert relief for farmers suffering from mortgage indebtedness.

One mortgage relief plan considered would provide federal loans to farmers at 3 per cent for rewriting their mortgaged indebtedness.

This called for use of the mortgage as a basis for a federal bond issue to raise the funds for financing the operations. Treasury officials were said to favor it.

Some of the President's other recommendations were found to favor the Senate. These including the provision for reducing cotton acreage in exchange for options on government-owned cotton. This principle was adopted from the Smith bill, previously favored.

The Senate committee appeared also to favor the President's recommendation for reducing cotton acreage in exchange for rental of farm lands. To cover such basic crops as wheat, corn, oats, rice and tobacco.

There was some dispute over including cattle, hogs, milk and butter in the bill.

LEGISLATURE TO APPROVE WAGE SLASH BILL

The bill of Sen. Henry Parkman, Jr., which will enable Mayor Curley to reduce salaries of city employees including police officers and employees of the school system, is expected to be reported favorably to the Legislature next Monday by the legislative ways and means committee.

Mayor Curley has been working on plans for effecting the wage reductions. As soon as Governor Ely signs the measure, which is expected to be passed by the Legislature, the mayor expects to have his plans ready for immediate operation. This was expected to be about Wednesday.

A tentative outline of the plan, which would reduce the salaries of city and county employees beginning April 1, was given by Mayor Curley today. Instead of a flat percentage for the proposed reductions, the mayor would like to set up a minimum \$25 weekly wage with large reductions for high-salaried department heads and officials.

Details of the reduction plan will be worked out by the mayor in conference with budget officials. The ways and means committee heard speakers for and against the Parkman bill in a public hearing yesterday.

Corporation Counsel Samuel Silverman represented the mayor at the hearing. He emphasized the necessity of retrenchment in the city budget to preserve the municipal credit. He declared that under existing conditions the city found it almost impossible to obtain loans from banks for municipal obligations.

He assured the committee that salary reductions would be made uniformly and without discrimination. He also pointed out that unless the mayor had power to cut police and school employees' salaries, there would probably be no salary reductions.

Massachusetts beer drinkers will not know just how much they will have to pay for a glass of beer until the Legislature enacts the new law on control, license and sale of beer. Whether it will be 5, 10 or 15 cents a glass must be determined by the cost of production under the law.

One Light System Rules in Needham

Needham police operated its headquarters under one electric light bulb and cruising cars were at a standstill today when the town's economy program found the department with only \$750 to work on for the rest of the year. The one light burns over the book-keeping desk.

STRAUS PROBE TO BE PUSHED

Boston legal representatives of S. W. Straus & Co., New York firm, were preparing formal reply to charges against the concern as Boston attorneys and real estate operators today considered court action in behalf of the company's bondholders.

Atty. Barton Courneau made a sweeping denial of all charges against the company and declared they were "scandalous and without foundation." He added that "There is not a single fact in the entire list of charges."

However, other attorneys and real estate men are planning the appointment of a special committee today to fight in behalf of the bondholders. The committee plans will be published today after the makeup of the group is determined. It was stated.

German Post Held Up

Washington, March 24—President Roosevelt may wait until the political situation in Germany becomes more stabilized before sending an ambassador to the post in Berlin, it was said today.

East First to Get Taste of Legal Beer; Ads Authorized

Washington, March 24 (AP)—Beer advertisements today were permitted in the newspapers for the country that April 1 is to be a memorable date in the Roosevelt new deal.

An interpretation by Atty-Gen Cummings that "innocent advertising" advertisements would bring no prosecution from the Justice Department, gave brewers their cue to go forward with plans to line trade in states where beer may be sold.

At the same time, Cummings indicated a passive attitude toward those few papers that hoped to the front yesterday even before the ruling by printing ads banned by the prohibition laws.

NEWTON WOMEN SHARE ESTATE

New York, March 24 (AP)—The will of Charles Demous Ekmann, president of the Hudson and Manhattan Railroad Co., who died last month at the age of 65, has been offered for probate. Ekmann formerly was president of the United Railways and Electric Company of Baltimore, and head of the Boston Elevated lines.

The widow, Mrs. Sadie Ramsey Ekmann, receives a life income from the entire estate, of undetermined value. After her death the principal is to be shared equally by the six children of Ekmann: first marriage to the former Miss Bertha E. Ewart of Pittsburgh.

They are Charles Demous Ekmann, Jr., and Charles Caldwell Ekmann, both of Baltimore; Samuel E. Ekmann of Rio De Janeiro; Mrs. Martha E. Cook of Arnold rd., Oak Hill Village, and Mrs. Cornelia E. Hicks of Stearns st., both of Newton Center, Mass., and Mrs. Edith E. Penney of Pittsburgh.

Mooney to Be Missing

San Francisco, March 24 (AP)—Tom Mooney will not be brought to the hearing on his application to be brought to trial on an old murder indictment.

With States where beer will be available when 12 o'clock is struck off on April 7.

The Senate had awaiting it action on a bill passed by the House yesterday to permit sale of the 3.2 beverage in the District of Columbia. It was hailed as a "mild" or State legislation.

While the House was acting, Atty-Gen Cummings set in motion his office and told newspaper men that the expectation of Pacific Coast distillers that they would have beer three hours before the East was unfounded.

Revering opinions of other legal experts, he ruled the beer bill would be effective at the stroke of midnight in each locality and not simultaneously the country-over when the clock strikes 12 in the East.

Set for Beer, This Man Has 125 Bartenders on the Job

Chicago, March 24—With legal beer in the offing Chicago has centered much interest on what has become of the old-time handle-bar mustached bartender. Today John P. Harding, owner of a dozen restaurants which specialize in corn beef and cabbage, produced 125 of these gentry and had their pictures taken for the press as proof that he had boarded them over the 31 years that has passed since beer consumption was last within the law.

The bartenders have been working as either waiters or coffee and pie-counter servers in the Harding restaurants. Only six of them have retained the old-time mustaches and less than a dozen still effect the plastered forehead which was another trade mark. They will all take places behind the Harding bare and sell beer instead of what they have been doing up till now.

Each one carries a union card and has been a member in good standing of the Bartenders' International League ever since prohibition.

ARMED MAN AT HOOVER HOME

Palo Alto, Cal., March 24 (AP)—With a loaded revolver in his pocket, police said William Comptons, janitor and odd job man of Burlingame, near here, tried to visit former President Herbert Hoover at his home on the Stanford University campus.

Police said they believed him to be a mental case and had released him, but were keeping him under surveillance.

An employee at the gate of the Hoover property asked him when he tried to enter, and turned him over to the authorities.

Investigators said the man was under delusion that he was carrying on big business deals with Mr. Hoover and the late President Coolidge.

Bird's Shadow Fight Saps His Strength

Kansas City, Mo., March 24—Persons who were amused 11 days ago by a cock robin that fought its own reflection in a window pane were gravely concerned today by the feathered songster should lose his life in the quixotic battle.

As he reluctantly gave up his position in front of the window late yesterday, he chirped weakly but summoned enough strength to make one more furious attack on his reflection.

Commons Hears 1400 Killed in Germany

London, March 24 (AP)—During a discussion of the German question in the House of Commons today, a member asked whether the government had any confirmation of a story that 1400 persons had been put to death in the city of Hamburg alone.

Prime Minister Ramsay MacDonald replied that he was referring the matter to the foreign office.

THREAT NOTE TO LINDBERGH LEADS TO ARREST

Miami, Fla., March 24 (AP)—Gilford Chidridge, 33, formerly of Staten Island, N. Y., was under arrest here today charged with sending Col. Charles A. Lindbergh at Hopewell, N. J., an extortion letter demanding \$50,000.

The Lindbergh extortion letter was disclosed while Edgar O. Jones, postoffice inspector, investigated the discovery by a postal clerk of the plot of liquor in the mails. The letter, written in Col. Lindbergh's name, was sent here by Col. Norman Seligson, of the New Jersey state police.

RADIO TO FIGHT NEWS BAN

St. Louis, Mo., March 24 (AP)—Attorneys for the St. Louis Radio Broadcast Co. have filed a motion in Federal Court asking dismissal of the suit of the Associated Press which seeks to prevent the station from broadcasting news.

The motion, a formal plea in the case, attacked the legality of the Associated Press suit as being in unreasonable restraint of interstate movement of news and asked dismissal on the grounds of want of equity.

Arguments on the motion are expected to be heard at the present term of Federal Court at a date to be determined. KSOO has been temporarily enjoined from using Associated Press news dispatches without permission pending determination of the suit.

Boy, 15, Is Held as Huggler

Worcester, March 24.—The series of "hugging and kissing" which has worried West Side women for the past few weeks was at an end today with the admitted principal in the unique attacks, Walter Rogers, 15, of Charlestown, in custody.

His arrest resulted from information furnished by one of his victims. She told police she had bitten the hand of the boy's father. When he was arrested yesterday afternoon his jacket was torn and one of his hands injured. The youth admitted the attacks, police said.

Village Again Has Yearly Surplus

Fredonia, N. B., March 24 (AP)—The Parish of New Maryland, adjusting this eve, enjoys the distinction of not having paid a cent for direct relief since the start of the general economic difficulties. New Maryland was the sixth parish in York County to show a credit balance for the last fiscal year.

Mixed farming, dairying, poultry raising and prompt collection of taxes are given as the principal reasons for the sound position of the parish.

Door of St. Peter's Is "Recognized"

Vatican City, March 24 (AP)—The ceremony of the "recognition" of the holy door of St. Peter's took place yesterday in preparation for its formal opening and the inauguration of the holy year.

Minister Camillo Caccia Dominioni, master of the papal chamber, presided, together with Archbishop Luigi Polizzi, secretary of St. Peter's building committee, of which Cardinal Mundini, Chicago, is a member.

Closed Insurance Firm Head Is Suicide

Chicago, March 24 (AP)—Raymond W. Stevens, former president of the Illinois Life Insurance Co., now in receivership, and nationally known hotel operator, was found shot to death in his home, apparently a suicide.

Stevens, who was 58 years old, resided with his father, James W. Stevens, and a brother, Ernest J. Stevens, who was charged with embezzlement, connected with the collapse of the \$150,000,000 life insurance company.

MAINE PASSES BEER PLAN

Augusta, Me., March 24 (AP)—Without debate or delay a beer bill was introduced and passed in the Maine Senate, presented as an amendment to a liquor liberalization measure previously introduced by that branch, the bill would legalize the manufacture, sale, possession and transportation of alcoholic beverages excepting intoxicating liquors.

Senator Artemus Weatherbee, of Penobscot, who introduced the bill, said it was not a Republican measure but had the backing of leaders of both parties.

Proponents were forced to adopt the backdoor method in presenting the measure because prohibition forces held sufficient strength in the House to block a two-thirds majority necessary to recall a bill killed several weeks ago. It opened the way for new beer legislation. Only a simple majority was needed for the bill passed yesterday. Weatherbee said an amendment providing for an excise tax undoubtedly would be added to the measure in the House.

In Politics People You Know Gossip About

COLLEAGUES HONOR KELLEY
Rep. Charles A. Kelley of Worcester, one of the Democratic veterans in the House, is today celebrating his 23rd birthday. He was the recipient of a big basket of roses and a fine merriment pipe from a group of his colleagues.

STANDISH PICKED OUT
Former Rep. Lemuel Standish, of Stoneham, lured to the House by the three-day debate on the salary cut bill, was invited by Speaker Everett Saltonstall to the rostrum. Standish, while in the House, was regarded as a spokesman for former Gov. Alvan T. Fuller.

PARKMAN TO CHICAGO
Senator Henry Parkman, Jr., of the Black Bay, left for Chicago yesterday, where he will be a speaker at a tax convention to be held in that city. He expects to return to Boston next Monday.

FIRST BEER ORDER
City Councilor "Billy" Barker of East Boston claims to be the first resident of this city to place an order for delivery of a case of beer at his home. He has arranged for delivery of a case at his residence, 86 Waterway st., at 12:01 a. m., on April 7.

CURRAN BACKERS BUSY
Supporters of Charles L. Curran, who is to be a candidate for Council in Ward 5, Roxbury, next fall, are to have a white party in Bismarck Hall, Dudley st., Wednesday.

CLUB TO REORGANIZE
Plans are under way for reorganization of the Young Men's Democratic Club of Ward 18, Hyde Park-Roslindale. A meeting is to be held in the Knights of Columbus Building, Hyde Park, on April 21, to which voters will be invited.

2 PASS THE BAR
Two employees of the city collector's office, Edward Nixon and James Carney, were among those who passed the bar examinations.

NORTON CONFUSION
Friends of City Councilor Clement A. Norton are in confusion because of confusion among voters by predictions as to what his future political plans are. One group says he will be a candidate for mayor and that within a few weeks an electric sign urging his election will be erected in Hyde Park. Another wing of the Norton faction is equally insistent that he will seek election to the school committee, while a third group says he will seek reelection to the council.

ROXBURY CLUB TO MEET
The executive committee of the Roxbury Women's Democratic Club will hold a special meeting this evening at the home of Mrs. Alice St. Martin, 45 Waverly st. Arrangements for the reception to be tendered to the club's attorney and counsel, Mrs. Mary A. Costello, will be completed.

Fast Work in Washington

By ARTHUR BUGS BAER

Most remarkable feature about this administration is that it lived up to its campaign promises. That's a rare look to put on the top shelf of your library.

Only three weeks have elapsed since March 4, in that short time we have seen more action than the old lady who jabbled the lion with her umbrella.

President Roosevelt is eating his meals at his desk and using old, useless laws for napkins.

Seems that a Constitution is something like a head of lettuce. You've got to tear off the dry, outside leaves to keep it looking fresh.

We haven't heard of any opposition yet. The Republicans are still clipping out paper dolls and sewing on little things. They expect to wake up again in 1936 feeling much refreshed.

The wets are pointing to happy April 8 as the date on which Perry discovered the North Pole and Washington took the oath of office. That makes it a triple celebration.

LABOR DESERTS DE VALERA

Dublin, Irish Free State, March 24 (AP)—Labor members of the Dail Eireann, who have been allied with President Eamon de Valera's party, have broken with the government over the administration's proposed schedule of wages for workers on unemployment relief scheme.

This means that the government will have to muster all its strength when the question comes to a vote, probably next Wednesday.

Ferryboat Owner Cleared in Tragedy

New York, March 24 (AP)—Alexander Forsyth, alleged master and owner of the ferryboat Observation which exploded in the East River last September 9 with a loss of 72 lives, was acquitted on a charge of manslaughter.

Forsyth had contended he was not involved in the operation of the vessel.

Cummings Studies Prison Records

Washington, March 24 (AP)—A prolonged study of prison records was indicated at the Department of Justice, should Atty.-Gen. Cummings decide that release is possible for violators of the federal prohibition law who would not have been guilty under the new beer legalization law.

MacDonald Sees Small Nations Safe

London, March 24 (AP)—Europe's small nations need have no fear of Premier Mussolini's four-power plan for stabilizing the peace of Europe, Prime Minister MacDonald told Parliament, reporting on his visit last week to Rome, Paris and Geneva.

The Mussolini plan, which would combine England, Italy, France

and Germany in a sort of international club to preserve the peace, should be carried out within the framework of the League of Nations, Mr. MacDonald said.

Son of President Outlines Father's Work on Air

New England radio listeners today felt they had been given a personal glimpse into the daily life of President Roosevelt as a result of last night's radio address over the Yankee network by James Roosevelt, his eldest son.

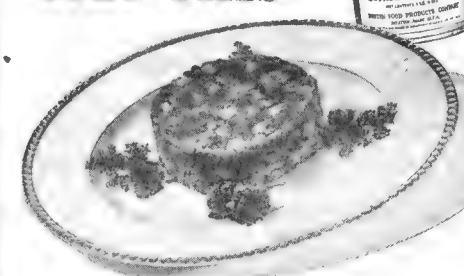

The young man described an interesting and at times busy day of his father's life. He said that he had been up at 6 o'clock and had seen his father's ideas and policies before the people. He was informed by John Dillinger, his father's secretary, that his father would be in the White House at 10 o'clock.

For his part, James said he had been in and out of the White House and had seen his father's work on the air.

CORNEB BEEF HASH

FEW women have the time these days, and even fewer have the art, to prepare hash the way Prudence Corned Beef Hash is made. As Prudence is all ready to heat and eat, you can reward your family with a dish fit for a king—in a jiffy and with utmost economy.

No scraps are used in Prudence Hash, no left-overs, no skin, no gristle. Only tender, young beef is used and an exact proportion of lean and fat meat. Choicest, mealy potatoes are cooked in the same water as the meat but separately, after the meat has been removed and the fat skimmed off.

That is the old New England rule for making this famous dish and it is followed with devoted care in a spic-and-span New England kitchen. No matter how much time you have,

ROOSEVELT 100 P.C. FOR PARTY PLATFORM

By LOUIS SEBOLD
Universal Service Correspondent
Washington, March 24.—President Roosevelt will accept 100 per cent of the Democratic National platform when he was nominated.

The President has already indicated his intention to accept the platform in a speech at the White House on March 23.

It was an experiment in compromise, the President said, but he was not going to let the party down. He was going to accept the platform as it was, with all its faults and its virtues.

LESSON FOR ASSOCIATES
An associate of the President, a man of whom he is the head, is a man who is a man of the people. The President is playing the game 100 per cent as he said he would.

During the immediate question in hand with his associate, the President asked the latter point blank:

"Have you read our platform?"

The caller admitted that he had only a casual acquaintance with the platform, and the President said:

"If you thought so, because your suggestion, while possessing merit, runs counter to the real purpose of the plank submitted by the convention that nominated me."

KNOWS IT ALL BY HEART
The President then quoted the plank. He informed his caller that the President "keep handy" the platform and referred to it while considering matters of policy.

He then said:

"I know it all by heart."

The President then quoted the plank. He informed his caller that the President "keep handy" the platform and referred to it while considering matters of policy.

Cattle Authority Dies
Greenfield, March 24. (AP) Dr. J. B. Stevens, 67, died today of pneumonia. He was a resident of Greenfield and a member of the local cattle board.

nor how skillful a cook you are, you simply couldn't make hash any more wholesome, any more delicious than Prudence.

It takes only three minutes to serve Prudence Hash piping hot, crowned a golden-brown, savory, appetizing, hearty—a dish that delights every one in the family. And a man's size serving costs only six cents!

Just about every worthwhile grocer sells Prudence Ready-to-Brown Corned Beef Hash. But please, for your own sake, don't just ask for "hash," ask for Prudence by name.

ATTACK CASE TO GO TO JURY TODAY

When the case of J. Irving Conant, attorney, vs. Mrs. Bertha Lincoln of Cambridge, is taken up today in the Superior Court, it will be the first time since the trial of the late Mrs. Lincoln that a case of this kind has been brought to the attention of the public.

The case, which was brought by the late Mrs. Lincoln's estate, is one of the most sensational in the history of the court. It involves a claim for damages of \$100,000, which was paid to the late Mrs. Lincoln by the estate of the late Mr. Lincoln, who was killed in a motor car accident in 1928.

The case is being brought by the late Mrs. Lincoln's estate, which is represented by the late Mr. Lincoln's estate. The case is being brought by the late Mrs. Lincoln's estate, which is represented by the late Mr. Lincoln's estate.

Luckies Please!

Mellow mildness...
Sterling character...
there's a reason for both!

What puts character in a cigarette? The quality of the tobacco. Lucky Strike's tobacco are carefully selected for quality, for tenderness, for distinctive flavor... the finest tobacco in all the world... the "Cream of the Crop". That's why Luckies have character! And Luckies are truly mild—because these fine tobacco are "Toasted"—mellowed and purified by the exclusive Lucky Strike process. For these two reasons—Character and Mildness—"Luckies Please!"

because "It's toasted"

In every corner of the world, both here and overseas, wherever you find joy in life, 'tis always "Luckies Please!"
